Title(optional)_____ Organization(optional)_____

Swim Area (circle one)

Lake Ocean Inlet River Pool

Approximate water temperature:

Will athletes be able to swim close to shore for the swim course? Yes No*

*If you answered No: The event will need to provide extra lifeguards and kayaks for water safety, the exact number will need to be determined. The minimum requirement is one lifeguard per 40 participants. (more details are provide in the event planning manual)

Can the bike and/or course(s) be closed to traffic? Yes No**

**If you answered No: The route will have to be inspected to ensure that safety measures can be put in place to protect the athletes if they are sharing the roads with public traffic.

50% of the venues share the roads with traffic. All intersections must be controlled by either a uniformed police officer or professional flag person. (more details are provided in the event planning manual).

Attach maps showing proposed bike and run areas.

Please allow 4-6 weeks for the application to be processed for faster service email applications to NewEvent@Triathlons.net. Event(s) date(s) should be 6-8 months from date of application.
